Bac Giang, March, 30, 2025

No: 60.../2025/CV/AAH

V/v: *Explanation of the difference in net
profit after tax before and after the audit of
5% or more in 2024*

To: - STATE SECURITIES COMMISSION
- HANOI STOCK EXCHANGE

The Continued Joint Stock Company respectfully extends its greetings to the esteemed State Securities Commission and the esteemed Hanoi Stock Exchange.

The Continued Joint Stock Company would like to provide an explanation regarding the fluctuation in net profit after corporate income tax of 5% or more in the financial statements before and after the audit as follows:

- Profit after tax in 2024 before the audit: 17,826,187,239 dong
- Profit after tax in 2024 after the audit: 11,944,503,019 dong

The reason for the difference in net profit after tax in 2024 before and after the audit is due to the additional adjustment to some expenses, such as:

- Production costs
- Depreciation of fixed assets
- Long-term prepaid expenses due to Typhoon Yagi

This leads to an increase in cost of goods sold and general and administrative expenses, so the total net profit after tax after the audit decreased by VND 5,881,684,220.

Continued Joint Stock Company would like to report for the attention of the esteemed Committee and Exchange.

Sincerely thank you !
